

Proposed new Industrial / Storage Building for R.T.Page Ltd
Rudford Industrial Estate, Ford, Arundel, Sussex, BN18 0BD
Site Grid Reference east 499700 – north 102550

Bin Storage and Collection Statement

The Applicant has refuse removed in skips by a contractor.

Nearly all waste derives from packaging, and comprises mainly cardboard and bio-degradable cling-film-type material, with a proportion of formed Styrofoam.

The quantity of additional waste generated by the proposal is expected to fit into the existing containers without requiring additional collections, however the Applicant is actively investigating ways of recycling a higher proportion of the waste material.
