Re: Biodiversity Enhancement Statement for application 'F/33/26/PL'

Dear Planning Department,

1. This Biodiversity Enhancement Statement has been provided in support of the application at 'Hangar 1' (ref: F/33/26/PL).
2. As the application is for the alteration and refurbishment of an existing building within the same building footprint. Therefore, no biodiversity or vegetation is within the application area. Due to the absence of vegetation and biodiversity there is no opportunity for enhancement.
3. In light of the above, we consider the proposed application to be appropriate and well justified and respectfully request its approval.

Many thanks,
Rob Llewellyn
Assistant Planning & Development Manager
