

HMP Utility Building

General Description

In order to maintain the demand for general-purpose buildings, we have modified our stable block units, into all-purpose utility buildings.

Utility Buildings are manufactured at HMP Kirkham Woodwork Enterprises by prisoners, who receive guidance and training from instructors to ensure BSI 9002/2000 Quality Assurance standards are achieved in our accredited workshops.

Typical Examples of Use

Office Units	Waste Management Units	Resettlement Units /Training Room
Workshops	Prison Outlet Shops	Meeting Rooms / Conference Facility
