Dear Mr Standen,

I have seen the latest consultation response from the Environment Agency (EA) who have raised a further objection in relation to the above application. I am unsure how you wish to proceed given the latest consultation response, as it stands I am unable to make a recommendation for approval with the objection from the EA and as such the only option would be to make a recommendation for refusal. However, if you are willing to agree to an additional extension of time to allow you to speak directly with the EA and discuss the additional information they require this is acceptable.

I have attached to this email a copy of the consultation response from the EA which includes contact details for the case officer (Mrs Lax). If you wish to extend the period for determination of this application I would be grateful if you would provide written confirmation of your agreement to an extension of time until the **7th July 2017** in the first instance. An additional extension of time will be necessary should an amended FRA need to be prepared and submitted to the EA for comment.

I again apologise for my absence for the past two weeks and any inconvenience this may have caused but please do not hesitate to contact me should you wish to discuss this matter further.

Yours Sincerely,
David Easton
