Mr. Duke,

F/4/19/PL - Mild Steel Vehicle Store at Ford Depot Station

Could you please provide details of the colour of the proposed mild steel building.

It is in the full view of users of the Arundel to Littlehampton Green Link and therefore it is considered that the building should match in colour other buildings i.e. painted green and be sympathetic in colour with the surrounding landscape in accordance with policy D DM1 of the Arun Local Plan.

I have separately sent you a request for an extension of time for considering the application on this basis which I would appreciate it if you return along with the further information requested. I will deal with the application as quickly as possible notwithstanding this hopefully prior to this date.

Thank you,

Andrew Wood
