Representative Viewpoint 8 (Right) - Public footpath (166), east of Yapton/Burndell (700m, west)

This middle distance view is from a public footpath (166) to the south east of Yapton/Burndell facing east towards the Site. The view is across large scale agricultural fields towards the former runway associated with Ford Aifield to the south of Yapton Road, outside of the Site. Vegetation associated with the runway includes hedgerows, evergreen and broadleaved tree belts that obstruct views towards the south-west of the Site. The recycling plant off Yapton Road and associated vegetation obstruct views to the residential edge of Burndell/Yapton and the north-west of the Site.

From this location, the proposed development would not be visible in all durations vegetation along the former runway will screen any view. Scale of effects would be **Negligible** and **Neutral**.
