

APPENDIX 2.3
CONFIRMATION WITH ADC ON CUMULATIVE SCHEMES IN
FEBRUARY 2019

From:

Subject:
Date:
Attachments:

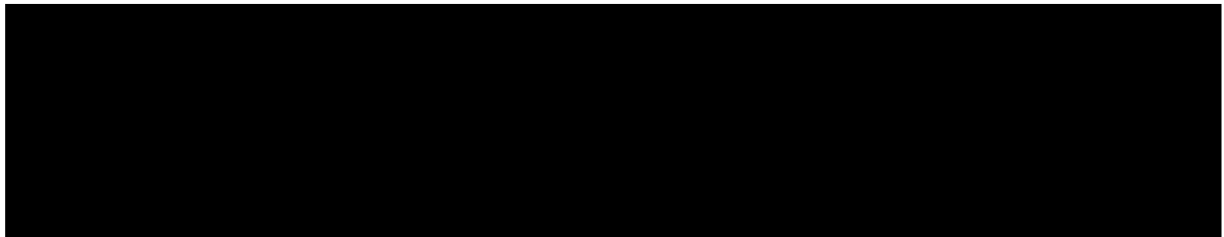

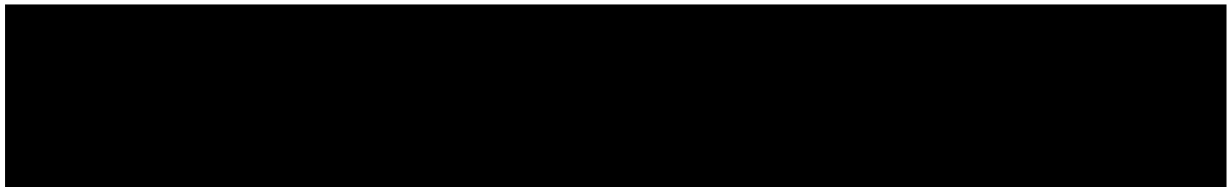

Hi Neil,

In terms of additional schemes there is also Y/88/18/OUT for 38 No. dwellings on land north of Yapton primary school and Y/49/17/OUT for 45 no. dwellings at land to the rear of Street Buildings, North End Road. Apologies, for missing these applications from the EIS response.

Could you also confirm why the new secondary school has not been incorporated into the cumulative assessment? I am aware that the school site is yet to be confirmed but a report is due to be presented to members on the 27th February recommending option F with L as a backup. Therefore, I believe that the school should be considered.

Kind regards,
David

Hi David,

Just to follow up on below, please find attached our cumulative schemes plan which we are working to for Ford Airfield. This includes the 3 additional schemes as requested in the EIA Scoping Opinion:

- Y/1/17/OUT;
- Y/62/18/OUT; and
- Y/44/17/OUT.

Please note, the cumulative schemes plan also includes the addition of 3 further schemes which were included subsequent to our issue of the EIA Scoping Report in November:

- F/18/17/WS;
- CM/6/18/PL; and
- WSCC/027/18/F.

Scheme Y/81/10 has also been removed from the original list included in the scoping report – we

understand this scheme has now been built out so will be assessed as baseline rather than as a cumulative scheme.

In addition to the archaeology point below, I would be grateful if you can confirm agreement of these cumulative schemes so I can inform the consultant team for assessment purposes.

Kind regards

Neil

Hi Neil,

Your understanding on archaeology matches my own so I will take a look at this early next week.

Kind regards,
David

Dear Claire, David,

I just wanted to clarify on a point included within the Ford Airfield EIA Scoping Opinion (F/19/18/EIS), as issued last week –

Para 5.8 of the scoping opinion states that the archaeological potential that has been identified should be evaluated by trial trenching ahead of determination. There has however been an agreement of trenching being conditioned as opposed to taking place pre-determination (please see attached) – I would be grateful if this can be confirmed in the Scoping Opinion.

On a separate point, we have taken note of the additional cumulative schemes as requested and will ensure these are assessed in the ES. I will also liaise further with you prior to finalising the ES to ensure that any additional schemes (if these arise) are included in the assessment.

Kind regards

Neil

Neil,

Please see attached Scoping Opinion ref F/19/18/EIS. In support of this Opinion, please refer to the full consultee responses which can be viewed under the reference number on our website.

Kind regards

Claire
