

Dear Sir/Madam

Thank you for consulting Network Rail regarding the application F/4/20/OUT at Ford Airfield.

Network Rail are concerned by the potential impact the proposed development may have on Yapton and Ford level crossings. Network Rail acknowledge the findings of the Level Crossing Assessment within the application’s Transport Assessment, however, we will be required to undertake an independent assessment to understand the full impact of the proposed development on Network Rail’s infrastructure.

We currently do not have a timescale for when the assessment would be complete given the current issues regarding Coronavirus, however, we would like to ask for an extension to the current deadline of 3 weeks – 24th April 2020.

Please could you confirm whether this is accepted.

Kind Regards,
