Thank you for your internet representation made on 9th January 2021 which has been recorded as an objection with the comments as follows:

OWPC32725

We wish to add our objections to those you will have already received for this planning application. This area is already being swamped with new housing sites and the traffic on the Yapton road is more than this country lane can safely carry - south of Horsemere Green Lane through the 'bends' and on towards the Oyster Catcher PH the width of the road cannot safely sustain the heavy traffic which will inevitably have to use this road to allow access to the Ford airfield development. Any 2 hgv's/waste lorries/public transport buses etc.. meeting side by side along this stretch of road cannot pass each other safely - and I would urge the Council to stipulate that a new road is built between the A259 (west of the Oyster Catcher) to replace this part of the B2233 and link up with planned roundabout on the Yapton Road for access to the development. In the past we have had fatalities on this stretch of road and it is only a matter of time before there is another.

Your views as made above will be considered before the application is determined.

However, if your representation has been received after the agenda for the meeting has been finalised and the notifications have been generated, you will not receive notification. In this case, you will need to track the progress of the application on the council's website <https://www.arun.gov.uk/weekly-lists>

Any comments that are received after the agenda has been finalised will be separately reported to the members of the Development Control Committee.
