

Hi Raymond,

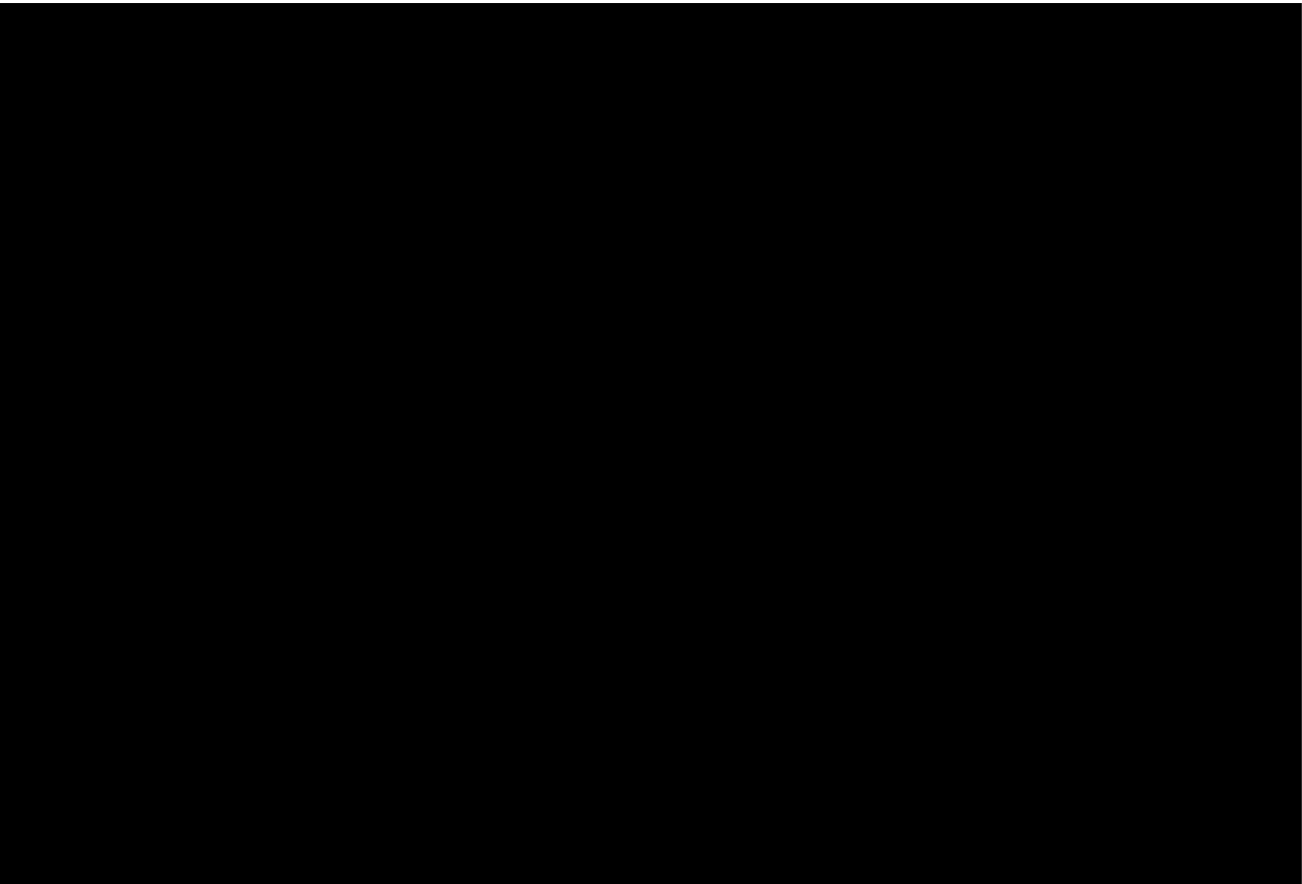

Following my email earlier in the week, please can you ignore the drainage documents in the drop box link and use these in the link below as our submission.

https://inpgroup-my.sharepoint.com/:f/g/personal/anthony_mcnevin_inpgroup_onmicrosoft_com/EuSesm287DNPIKGzr0R1pMEB7g8R1hXk8P9rsfB1eA7edA?e=tKZrfG

Please can you confirm receipt of all emails + agreement to our proposed extension of time?

Kind regards,

Jen

Hi Raymond,

I am pleased to submit the additional information requested for the Ford Airfield application. Together with a summary of that submitted, the covering letter provides our response to comments raised at Regulation 25 stage, where relevant.

The Waste Infrastructure Statement and additional drainage information can be found in the link below:

https://www.dropbox.com/sh/6xnllyf6r0p4znxq/AACHddxdoPYZ_vhxjakRhjwFa?dl=0

Given the nature of the submissions relate to the WIS and drainage proposals, please can you confirm who will be consulted and the timescales for any response?

In the meantime, with the aim to resolve outstanding matters on NHS, Education and the Apportionment Study, we would welcome a meeting with you and WSCC Education. Please can you advise of any dates that you/WSCC would be available?

Kind regards,

Jen
