OWPC42490

We need wild areas , we need trees , we dont need houses and more pollution from cars or people , the roads are already swamped and congestion is rife. The school will never be built it will be just like site 6 , a field left unused and then after a period of time will go back to builders for more houses. stop destroying the little land we have left . Skylarks nest in these fields and hedges , STOP this desecration.

Your views as made above will be considered before the application is determined.
