Planning Dept.

Dear Sir / Madam,

I am absolutely appalled at the plans to build 1500 houses on Ford Airfield!

Already the traffic is gridlock at various times of the day! When building happens there are problems with the infrastructure, sewage etc.

Also, are you sure that there are no WW2 bombs left under the airfield?

We moved here in 1999 to this quiet little village. Now we are being overrun with all the building that's happening!

I do so hope you will change these disastrous plans!

Yours sincerely

 Mrs H. SPRAGUE
