Dear Sir/Madam,

Consultation from West Sussex County Council

Application No: F/6/21/WS
Site Address: Ford Circular Technology Park Ford Road Ford BN18 0XL
Description of works: Demolition of existing buildings and structures and construction and operation of an energy recovery facility and a waste sorting and transfer facility for treatment of municipal, commercial and industrial waste, including ancillary buildings, structures, parking, hardstanding and landscape works.

Thank you for your internet representation made on 22nd May 2021 which has been recorded as an objection with the comments as follows:

OWPC36566

How can ADC possibly support the building of a waste incineration plant that has been banned in Wales, France and Germany due to toxic emissions and archaic systems. To allow the building of this plant so close to ADC recently approved planning permission of 1500 houses, a school and a 600 bed residential home is playing with people's health and their lives.

The roads in the area cannot cope with existing traffic, let alone the additional 240 weekly increase of lorries that this plant requires. ADC planning department needs to protect its tax paying residents from the environmental damage that this waste incineration plant will definitely cause. I strongly object to this planning application of every front.

Your views as made above will be considered before the application is determined.
