Dear Sir/Madam,

Consultation from West Sussex County Council

Application No: F/6/21/WS
Site Address: Ford Circular Technology Park Ford Road Ford BN18 0XL
Description of works: Demolition of existing buildings and structures and construction and operation of an energy recovery facility and a waste sorting and transfer facility for treatment of municipal, commercial and industrial waste, including ancillary buildings, structures, parking, hardstanding and landscape works.

Thank you for your internet representation made on 23rd May 2021 which has been recorded as an objection with the comments as follows:

OWPC36599

The negative impact that this will have on the local environment and residents cannot be overstated. The proposed buildings are far too large for the surrounding area and are completely out of character, seeking to further destroy our lovely surrounding villages. As usual, the roads cannot cope with the current amount of traffic, so I fail to see how adding a large waste processing facility will remedy this in any way, shape or form. The current number of wildlife casualties are high on the roads leading up to the Rollaston park industrial site, and I would wager a large sum that the same can be said for the surrounding roads. Hedgehogs, foxes, badgers, birds and insects all rely on the scant greenery for food and shelter - all of this will disappear with the massive influx of housing Yapton and Ford are experiencing and a large waste facility will be the final nail in the coffin.

Your views as made above will be considered before the application is determined.
