Dear Sir/Madam,

Consultation from West Sussex County Council

Application No: F/6/21/WS
Site Address: Ford Circular Technology Park Ford Road Ford BN18 0XL
Description of works: Demolition of existing buildings and structures and construction and operation of an energy recovery facility and a waste sorting and transfer facility for treatment of municipal, commercial and industrial waste, including ancillary buildings, structures, parking, hardstanding and landscape works.

Thank you for your internet representation made on 23rd May 2021 which has been recorded as an objection with the comments as follows:

OWPC36600

I object strongly to this proposal. The height of the building, but to mention the chimney stacks will dwarf pretty much all the buildings in the surrounding area and will be visible for miles around, including from the sea and the South Downs national park. The fumes being emitted from such a building would spread across a large area and affect 100s if not 1000s of houses, particularly in Yapton, Climping and Ford. The surrounding roads are not suited to the high number of heavy goods vehicles that would be coming in and out daily due to this plant. We should be building more recycling facilities, not incinerators which will only add to noise and air pollution in the area.

Your views as made above will be considered before the application is determined.
