Thank you for your internet representation made on 29th May 2015 which has been recorded as **'an objection'** with the comments as follows:

The loss of the layby which is in continued use, the entrance to the site is a protential road safety black spot. The proposed site could cause ground water flooding to existing properties sewage is going to be a problem as the existing system is over loaded . Head lights will cause problem leaving the site with more light pollution to the area there is no school places left in the infant schools so parents have to use there cars to take the kids to school out of the parish and the doctor surgery are always full and waiting for spaces to see a GP . And don't you think there is at this point in the five villages to many development going on which constitutes to a town
