3 Description of Development

Outline application for residential development comprising 45 dwellings. Formation of access onto Burndell Road (Resubmission following F/9/14/PL) - This application also lies within the parish of Yapton. This application is a Departure from the Development Plan.

4 In pursuance of their powers under this Act and related Orders and Regulations the Council **PERMIT** this development to be carried out in accordance with the application and plans and subject to compliance with the following conditions and Section 106 Agreement.

1 The permission hereby granted is an outline permission under s92 of the Town and Country Planning Act 1990 (as amended) and an application for the approval of the Local Planning Authority to the following matters must be made not later than the expiration of 3 years beginning with the date of this permission:-

- (a) Layout;
- (b) Scale;
- (c) Appearance;
- (d) Landscaping.

Reason: To enable the Local Planning Authority to control the development in detail and to comply with Section 92 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be begun either before the expiration of 5 years from the date of this permission, or before expiration of 2 years from the date of approval of the last of the reserved matters to be approved, whichever is the later.

Reason: To enable the Local Planning Authority to control the development in detail and to comply with Section 92 of the Town and Country Planning Act 1990 (as amended).

- 3 The development hereby approved shall be carried out in accordance with the following approved plans in as far as they relate to the proposed access.

Red Line Location Plan

Proposed Street Scene : 14004/C102A

Schematic Drainage Plan: TSP/BRO/P2551/07A

Proposed Sketch Layout Plan: 14004/C101D

Highway Access Plan: TSP/BRO/P2551/102H

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with policy GEN7 of the Arun District Local Plan.

- 4 The development shall not commence until full details of the proposed foul water drainage scheme have been submitted to and approved in writing by the Local Planning Authority. (Including details of its routing, design, and subsequent management / maintenance).

No building shall be occupied until the foul water drainage scheme has been implemented in accordance with the approved details and the details so approved shall be retained in good working order in perpetuity.

Reason: To ensure that the proposed development is satisfactorily drained in accordance with policies GEN7 and GEN9 of the Arun District Council Local Plan.

- 5 Development shall not commence until full details of the proposed surface water drainage scheme have been submitted to and approved in writing by the Local Planning Authority.

The design should follow the hierarchy of preference for different types of surface water drainage disposal systems as set out in Approved Document H of the Building Regulations, the recommendations of the SUDS Manual produced by CIRIA.

Winter groundwater monitoring to establish highest annual ground water levels and Percolation testing to BRE 365, or similar approved, will be required to support the design of any Infiltration drainage.

No building shall be occupied until the complete surface water drainage system serving the property has been implemented in accordance with the agreed details and the details so agreed shall be maintained in good working order in perpetuity.

Reason : To ensure that the proposed development is satisfactorily drained in accordance with policies GEN7 and GEN9 of the Arun District Council Local Plan.

- 6 Development shall not commence until full details of the maintenance and management of the SUDs system is set out in a site-specific maintenance manual and submitted to, and approved in writing, by the Local Planning Authority. The manual is to include details of financial management and arrangements for the replacement of major components at the end of the manufacturers recommended design life. Upon completed construction of the SuDs System, the owner or management company shall strictly adhere to and implement the recommendations contained within the manual.
- Reason: To ensure the efficient maintenance and on going operation of the SuDs system and to ensure the best practice in line with guidance set out in 'The SuDs Manual' CIRIA publication ref: C697 Chapter 22.
- 7 If, during development, contamination not previously identified is found to be present at the site then no further development (unless otherwise agreed in writing with the Local Planning Authority) shall be carried out until the developer has submitted, and obtained written approval from the Local Planning Authority for, an amendment to the remediation strategy detailing how this unsuspected contamination shall be dealt with.
- Reason: To ensure that the development complies with approved details in the interests of protection of the environment and prevention of harm to human health in accordance with policies GEN7 of the Arun District Local Plan.
- 8 The landscape details referred to in Condition 1 shall include full details of the position, design, materials, height and type of boundary treatment to be provided. The boundary treatment shall be provided to each dwelling before the dwelling is occupied or in accordance with the approved phasing plan. Development shall be carried out in accordance with the approved details.
- Reason: In the interest of amenity and the environment of the development in accordance with policy GEN7 of the Arun District Local Plan.
- 9 The landscape details referred to in Condition 1 shall include a landscape management plan, including long-term design objectives, management responsibilities and maintenance schedules for all landscape areas other than privately owned domestic gardens. The landscape management plan shall be implemented in accordance with the approved details.
- Reason: In the interest of amenity and the environment of the development in accordance with policy GEN7 of the Arun District Local Plan.
- 10 At least 10% of the energy supply of the development shall be secured from decentralised and renewable or low-carbon energy sources. Details and a timetable of how this is to be achieved, including details of physical works on site, shall be submitted to and approved in writing by the local planning authority [as a part of the reserved matters submissions required by condition 2]. The approved details shall be implemented in accordance with the approved timetable and retained as operational thereafter, unless otherwise agreed in writing by the local planning authority.
- Reason: In order to seek to achieve high levels of energy efficiency in accordance with the aims of the NPPF.

- 11 No development shall be carried out unless and until a schedule of materials and finishes to be used for external walls and roofs of the proposed buildings have been submitted to and approved by the Local Planning Authority. A 'statement of detail' shall be submitted setting out details of proposed windows and doors, details of the depth of recess/reveal from the brickwork, sills and lintels, brick bonding, brick detailing, eaves detailing and rainwater goods. The materials and 'statement of details' so approved shall be used in the construction of the buildings.
- Reason: To enable the Local Planning Authority to control the development in details in the interests of amenity by endeavouring to achieve buildings of visual quality in accordance with policy GEN7 of the Arun District Local Plan.
- 12 No development shall take place, including any works of demolition, until a Construction Management Plan has been submitted to and approved in writing by the Local Planning Authority. Thereafter the approved Plan shall be implemented and adhered to throughout the entire construction period. The Plan shall provide details as appropriate but not necessarily be restricted to the following matters:
- the anticipated number, frequency and types of vehicles used during construction,
 - the method of access and routing of vehicles during construction,
 - the parking of vehicles by site operatives and visitors,
 - the loading and unloading of plant, materials and waste,
 - the storage of plant and materials used in construction of the development,
 - the erection and maintenance of security hoarding,
 - the provision of wheel washing facilities and other works required to mitigate the impact of construction upon the public highway (including the provision of temporary Traffic Regulation Orders), and
 - details of public engagement both prior to and during construction works.
- Reason: In the interests of highway safety and the amenities of the area in accordance with the National Planning Policy Framework.
- 13 No development shall take place within the area indicated until the applicant has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted by the applicant and approved by the Planning Authority.
- Reason: The site is of archaeological significance in accordance with Arun District Local Plan Policy GEN7.
- 14 No development shall commence until the vehicular access serving the development has been constructed in accordance with the approved drawing TSP/BRO/P2551/102H.
- Reason: In the interests of road safety in accordance with the National Planning Policy Framework.
- 15 No part of the development shall be first occupied until visibility splays of 2.4 metres by 76m to the north and 2.4m by 67m to the south have been provided at the proposed site vehicular access onto Blundell Road in accordance with the approved planning drawings. Once provided the splays shall thereafter be maintained and kept free of all obstructions over a height of 0.6 metre above adjoining carriageway level or as otherwise agreed.
- Reason: In the interests of road safety in accordance with the National Planning Policy Framework.

- 16 Prior to the commencement of any development, an ecological enhancement scheme shall be submitted to and approved in writing by the Local Planning Authority. The development shall be implemented and maintained in accordance with the approved scheme and a programme of implementation.
- Reason: To conserve the wildlife interest of an important natural habitat in accordance with policy GEN29 of the Arun District Local Plan.
- 17 Prior to the commencement of any development, a lighting scheme showing the details of external lighting (except for the dwellings) shall be to and approved in writing by the Local Planning Authority. The details shall take into account any ecological mitigation measures required. The external lighting shall be installed in accordance with the approved details.
- Reason: To conserve the wildlife interest of an important natural habitat in accordance with policy GEN29 of the Arun District Local Plan.
- 18 The landscape details referred to in Condition 1 shall include details of all existing trees and hedgerows on the land indicating which are to be retained and which removed. Development shall be carried out in accordance with the approved details. No hedge or tree shall be felled, uprooted or otherwise removed before, during or after the construction period except where removal is indicated on a plan approved by the local planning authority.
- Reason: In the interest of amenity and the environment of the development in accordance with policy GEN7 of the Arun District Local Plan.
- 19 No development shall take place until details of laying out, timetable for provision and future maintenance of the area shown on the approved plans for on site Public Open Space have been submitted to and approved by the local planning authority. The development shall be carried out in accordance with the approved details.
- Reason: To ensure that the informal open space, which is considered a necessary part of the development, is provided to an acceptable standard within an agreed timescale in accordance with policies GEN7 and GEN8 of the Arun District Local Plan.
- 20 The reserved matters shall include provision of a public open space and amenity areas within the site. The layout details submitted in compliance with Condition 1 shall define the boundaries of such areas, their proposed use, the items of equipment, means of enclosure and all other structures to be installed. Development shall be carried out in accordance with the approved details and shall be provided in accordance with the agreed phasing details.
- Reason: In the interest of amenity and the environment of the development in accordance with policy GEN7 of the Arun District Local Plan.

INFORMATIVE: Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure)(England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern within the application (as originally submitted) and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal, in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

INFORMATIVE: Infiltration rates for soakage structures are to be based on percolation tests undertaken in the winter period and at the location and depth of the proposed structures. The percolation tests must be carried out in accordance with BRE 365, CIRIA R156 or a similar approved method and cater for the 1 in 10 year storm between the invert of the entry pipe to

the soakaway, and the base of the structure. It must also have the provision to ensure that there is capacity in the system to contain below ground level the 1 in 100 year storm event plus 30% on stored volumes, as an allowance for climate change. Adequate freeboard must be provided between the base of the soakaway structure and the highest recorded annual groundwater level identified in that location. Any SuDS or soakaway design must include adequate groundwater monitoring data to determine the highest winter groundwater table in support of the design. The applicant is advised to discuss the extent of groundwater monitoring with the Council's Engineers. Supplementary guidance notes are available.

INFORMATIVE: The applicant/developer shall enter into a formal agreement with Southern Water to provide the necessary sewerage infrastructure required to service this development. Please contact Southern Water, Southern House, Sparrowgrove, Otterbourne, Hampshire, SO21 2SW (Tel 033 0303 0119) or www.southernwater.co.uk.

INFORMATIVE: Please ensure that the reserved matters application includes details of tree protection measures for any hedges or trees which are outside of but which border the site.

INFORMATIVE: Should any protected species or evidence of any protected species be found prior to or during the development, all works must stop immediately and an ecological consultant or West Sussex County Council's ecologist contacted for further advice before works can proceed. All contractors working on site should be made aware of this advice and provided with the contact details of a relevant ecological consultant.

INFORMATIVE: The applicant should note that under Part 1 of the Wildlife and Countryside Act 1981, with only a few exceptions, it is an offence for any person to intentionally take, damage or destroy the nest of any wild birds while the nest is in use or being built. Birds nest between March and September and therefore removal of dense bushes, ivy or trees or parts of trees etc. during this period could lead to an offence under the act.

INFORMATIVE: This notice does not give authority to destroy or damage a bat roost or disturb a bat. Bat species are protected under Section 39 of the 1994 Conservation (Natural Habitats etc) Regulations (as amended), the 1981 Wildlife and Countryside Act (as amended) and the 2000 Countryside and Rights of Way Act. It is illegal to damage or destroy any bat roost, whether occupied or not, or disturb or harm a bat. If you are aware that bats roost in a tree(s) for which work is planned, you should take further advice from Natural England (via the Bat Conservation Trust on 0845 1300228) or an ecological consultant before you start. If bats are discovered during the work, you must stop immediately and contact Natural England before continuing.

INFORMATIVE: The applicant is advised to enter into a legal agreement with West Sussex County Council, as Highway Authority, to cover the off-site highway works. The applicant is requested to contact The Implementation Team Leader, West Sussex County Council, County Hall, Chichester, West Sussex, PO19 1RQ. (Tel no. 01243 642105).

Date of Decision:

10 March 2016

Arun District Council
The Arun Civic Centre
Maltravers Road
Littlehampton
West Sussex BN17 5LF

IT IS IMPORTANT THAT YOU READ THE NOTES ATTACHED TO THIS DOCUMENT

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, and you want to appeal against this planning application decision, then you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against this planning application decision, then you must do so within 28 days of the date of service of the enforcement notice, or within 12 weeks of the date of this notice, whichever period expires earlier.

Otherwise, if you want to appeal against this decision then you must do so within 6 months of the date of this notice.

Appeals must be using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <http://acp.planninginspectorate.gov.uk>

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

PURCHASE NOTICES

If either the local planning authority or the Secretary of State refused permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (that is, where the land is situated in a National Park, the National Park authority for the Park, or in any other case the district council in whose area the land is situated). This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter 1 of Part VI of the Town & Country Planning Act 1990.

Please note that this decision notice only relates to matters under the Planning Acts and does not give consent under any other legislation that may apply to the development. You will need to carry out your own checks to determine whether any other consents or permissions are required. For example, the Building Regulations are likely to apply to most developments, and a Highways Licence may be required from West Sussex County Council for any development within the
