

Application No: F/7/21/PL

I agree with the findings of the archaeological desk-based assessment regarding the potential impact of this proposal on deposits of interest. I also agree with the proposed strategy to mitigate that impact through the implementation of a phased programme of investigation and that this should be secured through the application of an appropriate condition. I therefore recommend a version of ARC 1 as follows:

No development shall take place until the applicant has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted by the applicant and approved by the Planning Authority.
