Dear John,

Please see the attached comments from County Highways which require receipt of additional information regarding the access and parking.

I will also need clarification from you regarding water voles in the ditch to the west. If this is used for drainage and abstraction then a water vole survey will be required as part of the application which should include mitigation. It would also be helpful if you could demonstrate that the proposal accords with the policies referred to in the Parish Council response.

Regards
Anita

Good morning Anita,

I'm just checking that you're not waiting for anything else from me or the client re: F/7/21/PL – 1.28 Ha High-Tech Glasshouse & Reservoir.
Don't hesitate to let me know if you need anything else.

Many thanks, John.
