Hi Nicola,

Thank you for your email and my apologies it wasn't in PDF format, I should of realised that would be best.

I have attached them as PDF below along with photos showing our existing driveway, the grass area for the proposed driveway also showing the kerbs.

I have also attached a photo just to show that cars park directly outside our house and the proposed driveway would help us greatly.

If you do need anything else from me at all, please let me know.

Kind regards
Marie Marshall
