For the attention of Mrs A Gardner

RETROSPECTIVE PLANNING APPLICATION H/1/11

I have received a number of comments from residents of South Lane regarding this application all of which relate to the overall height of the roof line compared with the original building. I am also concerned because according to the plans the new roof is some 4.5 feet higher than the original. The proposed roof line for the rear building also appears to be higher than the current one.

I have enclosed copies of photos and an oil painting showing the original barn with and without the thatch. The painting is by Charles Crundall who lived in the pink cottage and died in 1971.
