Dear Mr Eaton,

Unfortunately not, the proposed plan is still showing the scale bar and labels under all of the elevational headings when I open it up.

Not sure if these were missed or there has been a technical issue when sending. Could you try again?

Many thanks,

Hi Kathryn,

Apologies for the delay but please note the attached elevations, as requested, without scale references. Hopefully these are ok.

Regards

Kevin

Dear Mr Eaton,

I just wanted to check that the email below had been received. I understand the predicament with the scaling of the plans but at the moment with a scale still showing the plans are incorrect and I therefore can't approve them unless changed.

Kind regards,

Kathryn Welch

Dear Mr Eaton,

I just had a chance to discuss the application with our validation team. Mrs Mason who originally validated the application has told me that she requested the scale information be removed from the plan detailing the changes to the windows, which she thought had been done. I can see the scale bars have been removed, my issue is that the title to each part of the plan i.e. proposed XX elevation still states the scale of the drawing to be 1:50.

Could I request, for the avoidance of doubt, that you cross this information out to each of the proposed elevations and re-send the plan to me. Just to be clear, I only need the elevational plan showing the proposed amendments to windows A-N altering.

Just to note, we do not need to add the colour change of the windows into this application, as the matter is not covered by planning legislation and alterations to their colour could be achieved without the need for a planning permission.

Kind regards,

Kathryn Welch

Dear Mr Eaton,

Many thanks for taking my call just now.

Could I get written confirmation for an extension of time until the 16th July 2021 to allow for myself and my team leader to sign off the application.

Many thanks,

Kathryn Welch
