Dear Sirs

**Planning Application – 65 Golden Avenue, East Preston, BN16 1QU
Reference K-15-12**

Whilst we do not oppose the planning application to the above property, we would like the windows that face south on the proposed balcony (from what we understand to be the principal bedroom), to either be replaced with a high level window(s) or the windows to be opaque glass.

These windows, we believe, will look directly down into our conservatory where we spend a lot of time all year round.

We could say the same about the proposed balcony but, in practice, we do not envisage that the balcony will be used much.

We had raised the window proposal with Mr and Mrs Howard prior to their submitting plans but they chose not to make any adjustments.
