Dear Mr Samme

Re: 2 Gorse View, Peak Lane, Kingston Gorse, East Preston, BN16 1RW

Further to our telephone conversation, I can confirm that we (Graham Butt Estate Agents) have been marketing the above property since 20th November 2019. During that time we have conducted a number of viewings and registered interest from various different parties, none of which were considering the property for agricultural purposes, but purely as a private, residential dwelling.

I can also confirm that since the property was agreed to yourself and marked as 'Sold STC', we have had no enquiries on the property for either agricultural or residential purposes.

Kind regards

Yours sincerely
