Dear Haydn Jones

Thank you for your email however the application is invalid for the following reasons:

The location plan is not a solid red outline. There are clearly breaks in the outline as can be seen below. It is a national requirement that the red outline is a solid line.

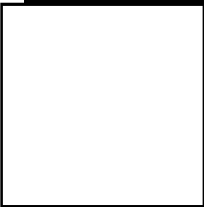

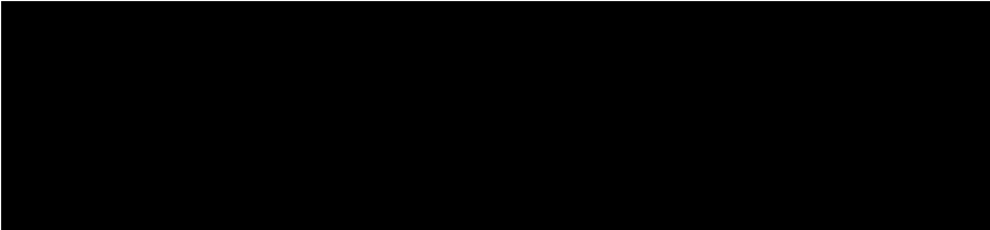

Dimensions: It is a local requirement set by Arun council that dimensions are included from the proposed development to all site boundaries this includes front and rear and both side boundaries. At present only the side boundary dimensions have been included.

Kind regards
Sian Eggington
