Dear Anita

It has been brought to my attention that the Architect of this development on the Kingston Gorse Estate has indicated to you that he has the support of the Estate Board in respect of this planning application. I wish to advise you that this is not the case and that he has, however inadvertently, misled you on this point.

It is true that members of the Estate Board met with Mr. Bray to discuss the proposal and to seek some changes to the sensitive issues of over-development and overlooking. After our meeting he amended the planning application and we were pleased that the changes we discussed had been accepted. However, we decided and advised him, that we would not support the application nor would we object, leaving you to make your decision based on the strong objections already lodged with yourselves by residents of the estate and the Parish Council.

I have attached Mr Bray's email that claims support of the Estate Board and re-iterate that this is an inaccurate reflection of our position.

Kind regards

Alan Morcombe

Dear Anita

Just a quick note to see if you could let me know if we will have a decision of the determination period.

5

ARUN DISTRICT COUNCIL K/40/18/PL

We hope that the design and the subsequent amendments have dealt with the concerns of the Kingston Gorse Estate, but we are also pleased to have the support of the Kingston Gorse Estate, but we are not sure if the council as yet so we don't know whether this can be dealt with under the current planning application.

I look forward to hearing from you.

Many thanks

Kind regards

Olly
