6. Authority Employee / Member

It is an important principle of decision-making that the process is open and transparent. For the purposes of this question "relating to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the local planning authority.

Do any of the following statements apply to you and/or agent? ☐ Yes ☒ No

With respect to the Authority, I am:

- (a) a member of staff
- (b) an elected member

K/9/19/HH

Date of decision (DD/MM/YYYY):

24/07/2019

What was the original application type?
(e.g. 'Full', 'Householder and Listed Building', 'Outline')

For the purpose of calculating fees, which of the following best describes the original application type?

Householder development: development to an existing dwelling-house or development within its curtilage ☒

Other: anything not covered by the above category ☐

8. Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make:

We would like to raise the floor of the building by 30 cm. In addition, and to mitigate any perceived impact on our neighbors, we would propose to move the location of the building 1 meter further away from the southern boundary hedge and towards the main building in Kingston Corner. The proportions of the building will not change.

This would put the elevation of the western end of the building 5.8m above ground instead of 5.5m. We note that this is still below the planned roofline of the recently approved garage extension of our direct neighbor (K/5/20/HH). The garage extension approved in K/5/20/HH sits directly on the road, forward of their and our buildings on the highest part of land in the plot and thus has greater visibility from the road.

Are you intending to substitute amended plans or drawings?

☒ Yes

☐ No

If Yes, please complete the following:

Old plan/drawing number(s):

KC_PLANNING-AA1100 - Site Plan A3
KC_PLANNING-AA1400 - GA Elevations

New plan/drawing number(s):

KC_PLANNING-AA1100.01 - Site Plan A3
KC_PLANNING-AA1400.01 - GA Elevations

Please state why you wish to make this amendment:

A flood risk assessment done by Ground & Water Ltd identifies that the floor of the building needs to be raised in order to minimise the future risk of flooding. "Based on Environment Agency guidance a 35% and 45% climate change increase should be reviewed for design life up to 2115... Strategic flood risk assessments usually recommend a 300mm freeboard above the climate change anticipated flood level." The site is mainly at risk of surface water and fluvial flooding. The ground floor would be flooded during a 0.1% plus climate change event.
