Subject: RE: Planning Consultation on: K/55/20/PL

App No: K/55/20/PL
Address: 57 Coastal Road Kingston BN16 1SN
Proposal: Demolition & erection of 1 No. dwelling. This application is in CIL Zone 4 and is CIL Liable as new dwelling.

Bats

A precautionary approach should be undertaken and following a inspection by an ecologist prior to works commencing, removal of the roof tiles should be undertaken by hand in the presence of a suitably qualified ecologist. If a bat is found all works must stop and Natural England consulted.

The lighting scheme for the site will need to take into consideration the presence of bats in the local area and the scheme should minimise potential impacts to any bats using the trees, hedgerows and buildings by avoiding unnecessary artificial light spill through the use of directional light sources and shielding.

We require that a bat box is installed on the buildings onsite facing south/south westerly positioned 3-5m above ground.

Reptiles

Following submission of the EIA (Nov 2020), we are happy that the precautionary mitigation proposed would be suitable. A condition should be used to ensure this takes place.

Great Crested Newts

Following submission of the EIA (Nov 2020), we are happy that the precautionary mitigation proposed would be suitable. A condition should be used to ensure this takes place.

Hedgehogs

Any brush pile, compost and debris piles on site could provide shelter areas and hibernation potential for hedgehogs. These piles must be removed outside of the hibernation period mid-October to mid-March inclusive. The piles must undergo soft demolition. A hedgehog nesting box should be installed within the site to provide future nesting areas for hedgehogs.

Nesting Birds

Any works to the trees or vegetation clearance on the site should only be undertaken outside of the bird breeding season which takes place between 1st March – 1st October. If works are required within this time an ecologist will need to check the site before any works take place (within 24 hours of any work).

We would like a bird box to be installed on the building and / or tree within the site.

Kind Regards

Liz

This application has been identified as CIL Liable. Therefore please be aware that, in accordance with Appendix 2 of the Arun CIL Charging Schedule, your consultation response should only include requests for Section 106 for onsite mitigation, Pagham Harbour Management Contributions (if applicable) or Affordable Housing. Off Site mitigation measures directly related to this development should be dealt with by condition if possible to ensure the scaling back of Section 106 if possible. CIL contributions will be used for off site infrastructure mitigation schemes. Therefore if this proposal triggers the need for off site mitigation, please ensure that you engage in the CIL Infrastructure List Consultation process upon receipt of a consultation letter.

Should you have any comments to make, these should be sent by replying to this email by 17th January 2021 . You can also monitor the progress of this application through the Council web site:
