Attachments: Poynings Proposed site plan.pdf

Dear Karen

Following your telephone call, I will be hand-delivering an updated Application for removal or variation of a condition form on Tuesday morning. I will also arrange for payment of the £234 fee at the same time.

I am attaching to this email the Site plan that was provided with the original planning application (K/32/17/HH). I am hoping that this will be sufficient, as we are not seeking to amend the approved design.

As you may know, Mr Baeza visited the site on Friday 23rd, and he is now fully aware of what we are seeking to achieve.

Many thanks for your help to-date. Please let me know if you will require any further information to enable the application to progress.

Kind regards

Phil Hopes
