FYI, see thread, pictures as suggested by Kingston parish Council taken from the rear of my property
66 Golden Avenue

Dear KPC

I wish to draw your attention to this application, a retrospective request for variation having breached the original planning consent. This is from my neighbour at 68 Golden Avenue, I am at 66 Golden Avenue.

I have objected on the basis that this extension is:

Not in keeping with the rest of the property or neighbouring properties.

Clearly visible from the rear of my property and is an aesthetic mess - the condition of the exterior can already be seen to be very poor in the photos supplied with the application.

And has the potential to detract from the value of my property.

I welcome your views.

Regards

**Tim Kimber, Senior Partner, Park Surgery,
