As part of paragraph 189 of the NPPF, local planning authorities should require an applicant to describe the significance of any heritage assets affected as part of their proposals, including any contribution made by their setting, in determining applications. It does not appear that such information has been submitted as part of this application, which ideally should be submitted at the same time as the application. In light of the proximity of the proposal to the neighbouring Listed Building, it would be helpful for some form of heritage statement to be provided.
