Dear Zac

Thank you for your email, and for forwarding the request from the Conservation Officer for a heritage statement.

In light of the above, we need to give ourselves a reasonable time in which to produce a meaningful statement. Therefore please can you extend the decision date to the 14th June?

In the meantime, I shall also send you the letter that I have been writing, in response to the design objections that you have received to the application.

Looking forward to your confirmation

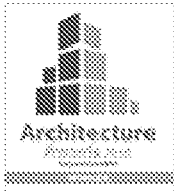

Best Wishes

Nico

Dear Nico,

Thank you for your email, I believe we have spoken about this matter since this email.

To confirm, would you be agreeable to an Extension of Time until the 4<sup>th</sup> of June?

I attach below the response from the Council's Conservation Officer:

*"As part of paragraph 189 of the NPPF, local planning authorities should require an applicant to describe the significance of any heritage assets affected as part of their proposals, including any contribution made by their setting, in determining applications. It does not appear that such information has been submitted as part of this application, which ideally should be submitted at the same time as the application. In light of the proximity of the proposal to the neighbouring Listed Building, it would be helpful for some form of heritage statement to be provided."*

I look forward to your response.

Kind regards,

Zac

Dear Zac

I tried your number several times yesterday and left a message for you - I hope you got it?

I am aware that today is the end of the decision period for the application for Kingston Corner and I have been putting together a response to the design objections raised in the public comments. For personal reasons I have had to be out of the office for a lot of the last 2 weeks and have run short of time to finish this. I am writing to ask if you could pause on the decision, until Monday of next week, to give me a chance to send you the letter that I hope to finish today?

Please could you let me know, as a matter of urgency?

Many thanks in anticipation

Best Wishes

Nico
