Planning Reference K/9/26/PD. The Potato Barn

FAO Mr Harry Chalk

Dear Harry

With respect to the above application, we are writing to confirm that we are in contact with Southern Water and have received their quotation for the provision of a 90mm water supply to a fire hydrant located within 40 metres of the site boundary.

We confirm that the access track and gate access are in excess of 3.700m wide and that there is sufficient hardstanding capable of supporting a fire tender and would allow the vehicle to turn within the locality of the barn so that no reversing via the access road is required.

This will ensure that the Fire service vehicle access will meet the requirements identified in approved document B Volume 1 2019 Edition: B5 Section 13, including Table 13.1 and diagram 13.1. In addition all points in the dwellings will be accessible to fire fighters with a direct hose length of less than 45metres.

The above is all a requirement to obtain Building Regulation approval for the three dwellings and will be finally resolved with the approved inspector and the West Sussex Fire and Rescue Service.

We believe this is sufficient to address the fire fighting needs for this development, but please contact the writer should anything further be required.

Yours sincerely
