Dear Miss Millie Demol,

**Section 96A of the Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended) - Article 10**

**Application for a non-material amendment following a grant of planning permission LU/314/16/PL relating to gas metre location
Littlehampton Swimming & Sports Centre, Sea Road, Littlehampton,**

I refer to your recent application for a Non Material Minor Amendment.

Non-material amendments are considered to be those changes which are insignificant and do not change the intensity, form or description of the original planning permission. They cannot change the intensity of the original planning permission, result in a change to the description of the application or conflict with any conditions of the original permission.

The reasons that this proposal has been accepted as a Non-Material Amendment is that the relocation of the gas meter, from the west of the building (in the service yard) to the Sea Road boundary, east of the existing site entrance in the grass verge is not considered not to have a significant material impact on the appearance of the development previously permitted under planning permission number LU/314/16/PL. This revision can therefore be considered under section 96A of the Town and Country Planning Act 1990.

Drawing numbers 1860-VZV-V4-00-CR-ME-0002 revC3 Site Plan: Proposed Incoming Services has therefore become the approved plan for planning approval LU/314/16/PL.

I trust this information is of assistance to you.

Yours sincerely

Neil Crowther
Group Head of Planning
