Dear Ms Malik

I refer to the below email received from Arun council and I am in process of arranging the Location and Block forms which hopefully my management company can provide.

With regards to the Elevations form - the freeholder has strict instructions that the design and colour of the windows / door remain the same as all other windows / doors on the complex. This I have shown in the diagrams provided by the double glazing company. Would this not suffice in my application?

I will resend the CIL form to you once I have received the above forms.

If you need any additional information please do not hesitate to email me or call me on 07545967944

All of this is a bit complicated and was not mentioned to me when I paid the double glazing company so please bear with me as I try and get all the information required.

Regards

Ian
