Essential mail [Redacted] and charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Subject: RE: Requ

Dear Planning,

I am writing in regard to the Listed Building Consent application at Winterton Lodge. The attachment in the email below has requested that a Flood Risk Assessment is submitted to support the application, however as this is a Listed Building Consent application it is not part of the validation requirements, nor a material consideration in the determination of the application.

The proposal relates to the reinstatement of the existing brick wall and will not increase surface runoff or increase flood risk.

I look forward to receiving confirmation that the application is valid.

Kind regards,

Zoe
