Dear Sirs

Re: 24 Beacon Way – Littlehampton – BN17 6QS

I wish to strongly oppose the suggestion that the wonderful conservatory built by the owner, for his growing family, is under question. Working tirelessly since Christmas (day) in the bitter cold, through to the unbearably hot summer, we have seen a barren piece of overgrown unsightly wilderness corner plot, become a smart brick building extension. Knowing it will provide extra living space for a young family, is, in my mind, only adding to the value of the property, and of course, enhancing the appearance of our small estate.

I cannot imagine the family's outrage and worry that this project may be under threat. If it was unsightly and/or impinging on someone's land, perhaps then a problem, but this is not the case. A good, clean living young family, a fully trained Fireman, pillars of the community. I hope I keep them as neighbours, together with their lovely new extension.

Yours faithfully

24 Beacon Way
