Application to determine if prior approval is required for a proposed: Change of use from
 Commercial, Business and Service (Use Class E) to Dwellinghouses (Use Class C3)

Town and Country Planning (General Permitted Development) (England) Order 2015 (as
 amended) - Schedule 2, Part 3, Class MA

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Site Location

Disclaimer: We can only make recommendations based on the answers given in the questions.

If you cannot provide a postcode, the description of site location must be completed. Please provide the most accurate site description you can, to help locate the site - for example "field to the North of the Post Office".

Number	<input type="text" value="37"/>
Suffix	<input type="text"/>
Property Name	<input type="text"/>
Address Line 1	<input type="text" value="High Street"/>
Address Line 2	<input type="text"/>
Address Line 3	<input type="text" value="West Sussex"/>
Town/city	<input type="text" value="Littlehampton"/>
Postcode	<input type="text" value="BN17 5EG"/>

Description of site location must be completed if postcode is not known:

Easting (x)	Northing (y)
<input type="text" value="502773"/>	<input type="text" value="102139"/>

Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible.

The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

The current building and site

Please note: Eligibility questions relating to the current building being vacant for 3 months, and it's floorspace not exceeding 1,500 square metres were removed after these limitations were lifted by government on 5 March 2024.

Has the use of the building, for a continuous period of at least 2 years immediately prior to the date of this application, been any of the following:

- For periods prior to 1 September 2020
 - Shops (Use Class A1);
 - Financial and professional services (Use Class A2);
 - Food and drink (Use Class A3)
 - Business (Use Class B1);
 - Medical or health services
 - Non-residential institutions (Use Class D1(a));
 - Crèche, day nursery or day centre
 - Non-residential institutions (Use Class D1(b));
 - Indoor and outdoor sports
 - Assembly and leisure (Use Class D2(e)), other than an indoor swimming pool or skating rink;
- For periods from 1 September 2020
 - Commercial, Business and Service (Use Class E)

Yes

No

Is any land covered by, or within the curtilage of, the building:

- in a site of special scientific interest;
- a listed building or land within its curtilage;
- a scheduled monument or land within its curtilage;
- a safety hazard area;
- a military explosives storage area;

Or, is the building:

- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site

Yes

No

The proposed change of use

For applications, submitted before 1 August 2022, proposing a change of use to Dwellinghouses from Offices (Use Class B1(a)/E(g)(i)).

Is/Was there an Article 4 direction in place that has removed these specific permitted development rights?

Yes

No / Not relevant

Will all the proposed new dwellinghouses have gross internal floor areas of at least 37 square metres, and comply with the [nationally described space standard?](#)

Yes

No

Following the development, will every dwellinghouse in the building remain in use within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?

Yes

No

Agricultural tenants

To be eligible for this permitted development right, all parties to any agricultural tenancy agreements that are currently in place need to provide consent.

This is to help ensure that agricultural tenants are not displaced to allow a change of use to be carried out.

Is any part of the land covered by or within the curtilage of the building to be demolished occupied under any agricultural tenancy agreements?

Yes

No

Fire Safety

Where the building (as proposed) exceeds certain limits, legislation has been put in place to ensure the adequate consideration of fire safety by the Local Authority (including its decision to grant prior approval) and other relevant parties.

Would the proposed development result in a building that contains two or more dwellinghouses, and is:

- 18 metres or more in height (as measured from ground level to the top floor surface of the top storey of the building); or
- contains 7 or more stories.

Yes

No

NOTE: More details on how to measure height and stories are available in paragraph (7) of [Article 9A of The Town and Country Planning \(Development Management Procedure\) \(England\) Order 2015](#) and [the related government guidance](#).

Description of Proposed Works, Impacts and Risks

Proposed works

Please describe the proposed development including details of any dwellinghouses and other works proposed

The proposal seeks to convert the existing Class E building to provide two residential dwellings (Use Class C3) at first and second floor levels, whilst retaining the Class E use on the ground-floor.

Please provide details on the provision of adequate natural light in all habitable rooms of the dwellinghouses

Adequate levels of natural light will be maintained through the retention of existing windows serving both the front and rear elevations. Existing rooflights within the first-floor hallway will also be retained. No additional windows are proposed, having regard to the site constraints and the surrounding built context.

What will be the net increase in dwellinghouses?

2

This figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses in the existing building prior to the development.

Impacts and risks

Please provide details of any transport and highways impacts and how these will be mitigated, particularly to ensure safe site access

As part of the proposed development, no modifications to the access or parking arrangements are proposed. The main access is located to the rear of the building (north elevation) and the flats can also be accessed via the ground floor. No parking spaces are provided due to its central town location and is easily accessible via foot or public transport. However, there is a public car park (St Martins Car Park) which is located approximately 57m to the north of the site.

As the proposal would result in the creation of 2. No 1bed dwellings, daily trip movements will be minimal and thus it is clear that the proposed development would not have an unacceptable impact on the operation of the local network, let alone a 'severe' impact as set out in paragraph 109 in the NPPF.

Please see the planning statement for further information.

Please provide details of any contamination risks and how these will be mitigated

The building has been used for Class E purposes and there is no known contamination issues associated with the building. The proposal is therefore considered to be acceptable, having regard to contamination.

Please see the planning statement for further information.

Please provide details of any flooding risks and how these will be mitigated.

The site lies within flood zone 2. A site-specific flood risk assessment has been undertaken which determines that the proposed development would be safe from flood risk. This is due to the change of use applying to the first and second floors only which sit above future flood event levels. The predicted surface water flood level of 300mm leaves a clearance of 2.7m between the predicted flood level and the first floor. As a result, in any flood event, both properties would provide safe refuge, given the tidal nature of the flood risk.

Please see the planning statement and FRA for further detail.

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
- is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency).

[Check if your site location is in Flood Zone 2 or 3 online](#)

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.

Please provide details of the impacts of noise from any commercial premises on the intended occupiers of the new dwellinghouses and how these will be mitigated

A noise impact assessment has been undertaken and submitted as part of this application. The assessment concludes that the development is capable of being constructed with the installation of enhanced double glazing and acoustic wall ventilation.

A sound test was carried out between the existing commercial ground floor and first floor, which did not meet the required levels. A construction specification has therefore been provided to meet the local requirements and therefore the development should be considered acceptable, subject to the proposed recommendations which can be secured as part of the approval.

Please see the planning statement and noise impact assessment for further information.

If the building is located in a conservation area, and the development involves a change of use of the whole or part of the ground floor. Please provide details of the impacts that the change of use will have on the character or sustainability of the conservation area and how these will be mitigated

N/A - the site is not in a conservation area

If the building is located in an area currently in use for general or heavy industry, waste management, storage and distribution, or a mix of such uses.

Please provide details of the impacts on intended occupiers of the development of the introduction of residential use in the area and how these will be mitigated

N/A

If the proposal involves the loss of services provided by a registered nursery, or a health centre. Please provide details of the impacts on the local provision of the type of services lost and how these will be mitigated

N/A

List of flats and other premises in the existing building

Please provide a list of all addresses of any flats and any other premises within the existing building

House name:

Number:

37

Suffix:

Address line 1:

High street

Address Line 2:

Town/City:

Littlehampton

Postcode:

BN17 5EG

Declaration

I/We hereby apply for Prior Approval: Change of use – commercial/business/service to dwellinghouses as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.

I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

I/We also accept that, in accordance with the Planning Portal's terms and conditions:

- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;
- Our system will automatically generate and send you emails in regard to the submission of this application.

I / We agree to the outlined declaration

Signed

Lucy Robinson
