Subject: Prior Notification Of Works To Tree(s) In A Conservation Area - LU/105/19/TC

Application ref: **LU/105/19/TC**

Location: The White Hart, 32 Surrey Street, Littlehampton, BN17 5BH

Works proposed: Reduce and rebalance 1 No. willow tree not cutting further than original pollard points to reduce weight of tree hanging over play area and public use garden

This is a retrospective s211 Notice of Intent. The pruning work as described having already been undertaken.

I visited this location on 27th March 2019 in response to a report of unauthorised tree works. The works being undertaken were so advanced that the most satisfactory outcome for the tree was to complete the operation. That said, had I been asked to comment on such a s211 Notice of Intent as this prior to any work being carried out I **would not have raised an objection nor recommended we make a Tree Preservation Order.**

I am satisfied that the works undertaken have not resulted in character of the surrounding area being diminished.

Mark Warwick
Tree Officer
