Mr Cooling,

I do apologise...I have made a mistake. After looking at the application again, and as your application is not considered a Major application (it is considered a Minor application) the Mineral Infrastructure Statement is not required for validation.

Once you have the rest of the information together, please email it to me directly.

Again, I do apologise for my mistake.

If you have any questions please let me know.

Regards

Daun Johnson

Following receipt of the email from Mr Neil Crowther I am In the process of gathering the required information listed in his letter.

I do however need some help with the Mineral Infrastructure Statement. I have tried to find anything in policy 10 but I am not clear what you require from us.

Could you please clarify your requirements either by email or on my mobile [REDACTED]

Regards Phil Cooling Vice Chair Littlehampton Sea Cadets
