PLANNING STATEMENT

For the Proposed Extension to the rear of

23, ST. CATHERINES ROAD, LITTLEHAMPTON BN17 5HR

The extension is a small single-storey extension with gable ended pitched roof.

The extension extends 2m from the rear elevation wall of the original building. The ridge to the pitched roof is less than 4m high. The height at eaves level is less than 3m where the extension is within 2m of the boundary.

The external walls will be in face brickwork to match existing.

The pitched roof is weathered with plain clay tiles to match existing.

The extension is considered to be Permitted Development.
