Hi Anita,

Sorry for the delayed reply. The proposed rooflights are to be positioned at the same height as the existing ones which are as high as they can really go. They will mainly look into the neighbours roof but we could set them back towards the dormer.

I will send a cross section later today.

Thanks
Lauren

Dear Lauren,

I am dealing with the above application. In order for the proposal to be acceptable it is necessary to ensure that no adverse overlooking effects would result. Please can you therefore let me have a cross section detail to demonstrate the cill height of the roof light windows?

Regards

Anita Gardner
