Thank you for consulting Highways England on this application for approval of reserved matters following the outline approval of LU/47/11 for layout, appearance and landscaping of access road.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

We have no objection to this planning application.

Yours faithfully

Elizabeth Cleaver, Assistant Asset Manager
