Dear Mr Neil Crowther.

LU/114/21/CLP

With reference to your request for more information and updated plans please find attached.

New north elevation plan.

New floor plan.

The existing roof plan shows the correct size of 7.6m with allowing overhang for the dormer flat roof.

I have corrected the floor plan and North elevation plans to show the correct size of 7.3m for the external dimensions of the sides of the dormer.

The north elevation also shows the 7.6m roof span, allowing for overhang.

I hope this is sufficient, if you need anymore information then please come back to me.

Regards

Peter Pritchard
