12th June 2013

Dear Mr Cronin

**LU/116/13/ Hollyacre Toddington Lane Littlehampton West Sussex
BN17 7PP**

Please take this letter as my official objection to this application,
My wife and I have lived in Hearnfield Road for 59 years now and what was originally a country lane, i.e. Mill Lane/Toddington Lane is now just a rat run with cars using it as a short cut, drivers driving extremely fast with total disregard to pedestrians. Now more houses being built in the lane will just make the lane even more busy and dangerous.

The land at Hollyacre has been used by nurseries for years now, as has this whole area and the land north of the railway line is already up for development with over 1,500 houses being built on brown field land. This land is full of glasshouses that are having to relocate to other areas; some people will certainly be losing their jobs as Hall Hunter cannot find enough glasshouse space to relocate all their berry business. We hear all the time that the government want our food grown in the UK (less air miles) but here we are building on prime growing land. It is JUST BUILD, BUILD, BUILD. Surely we do not have that many people in the Arun area waiting for housing, they must all be coming in from other places.
