- LEAP's infiltration report (LP2688 Elmgrove Drainage Report) – this has already been provided to you but I have attached to this email for ease of reference.

We look forward to your review and comments. As you know we are keen to resolve this matter as soon as possible so if there is anything I can do support the process, such as setting up a meeting between you and our drainage engineer Clare Richards to run through the plans, please let me know.

Best regards,

Hi Lydia

I have just heard your voicemail, as I have been on site all day and still am on site. Unfortunately, I will not be able to look at it until some time after I return from leave. At the moment I can't say when exactly that will be as I have a backlog of other work.

Regards
