Re planning application.
LU/117/17/PL

Dear Sirs.

I wish to raise an
objection to the planning application to
knock down / convert the building
namely (Ockendon and recently the Tap
and Barrel) It is not what the people
of Littlehampton want. To knock
down a perfectly adequate building
solely for profit for developers who
have no regard for fine buildings
and no regard for the people of
Littlehampton. If this project goes ahead
then all the councils & people involved
are no better than the "Get rich quick"
developers. This building needs to
be SAVED.

Yours faithfully,
