Dear Sir/Madam,

**Re: Arun Yacht Club – Planning application for cladding of Clubhouse and Training Building.**

Please find enclosed the following papers in respect of our application for cladding of our existing Clubhouse and training building:

- Three completed and signed copies of your Planning Application Form including Block Plans (1/500 scale) and Location Plans (1/1250), duly marked up
- Three sets of photographs showing each (ie north, south, east and west) elevations of the two respective buildings.
- A cheque in the sum of £195 in respect of the application fee.
- Three copies of the manufacturer's brochure giving details of the proposed cladding including the proposed colour (shown as light grey no. 93)
- Three completed copies of your validation checklist.

I should also be grateful if you will accept the following as our Design and Access Statement in respect of the application:

"It is proposed that the existing Clubhouse and training building will be clad with a new PVC-U cladding of light grey colour. The purpose of this is twofold: firstly to protect and extend the life of the building and to maintain its weatherproof integrity and secondly to enhance the appearance of the buildings in a modern and aesthetically pleasing manner".

If you have any questions in relation to this application I should be grateful if you will let me know as soon as possible.

2.

(Letter to Arun District Council - 7<sup>th</sup> May, 2013)

Yours faithfully,

D J Lindsay  
(Director)
