Subject: FW: Planning Consultation on LU/120/18/DOC and LU/155/18/DOC

Dear Mr Locke,

I have now realised that there 2 applications relating to landscaping at the above site. I will therefore refuse LU/120/18/DOC with regard to landscaping and wait further details regarding plant densities/size etc as requested in my original e-mail which I will process as part of LU/155/18/DOC

Regards

Anita Gardner

Dear Mr Locke,

Please see the response from the Landscape Officer below. Had you intended to submit additional landscape details? If so please can you let me have them within the next 10 days

Regards
Anita Gardner

Comment from Greenspace

This application is looking for the discharge of Condition 15 of application LU/120/18/DOC

This application lists Condition 15 however no further details have been submitted re Landscape scheme and the information contained within DWG 17/4430/05 and 17/4430/16 is insufficient in detail as not providing detail in plan form of proposed trees and shrubs detailing actual quantities, species choice planting density and size at time of planting. As my previous comments, greening of new development is required to ensure that the development is fitting to location, aiding in good design, providing screening to adjacent dwellings where required and encouraging biodiversity within the site.

There is insufficient information submitted and therefore I would **not recommend the discharge of Condition 15** on application LU/120/18/DOC imposed under LU/249/17/PL until further detail is submitted for approval.
