

Dear Anur Planning.

My apologies for taking so long in replying to my initial enquiry but for health reasons it necessitated the delay. Well I have filled out the forms supplied by you but I did find the instructions a bit mind-boggling.

am still not sure if you have sent me the right forms to fill out?

When you have studied the application please call me on my mobile if there is anything else I need to supply. Thank you

With Compliments

William Maynard.
